CODEX PERCHÉ

Try to be a better human being (even if you're already a wonderful one) by respecting yourself, others and the creativity that surrounds you.

Everyone you meet is fighting a battle you know few about, so :

Be nice to everyone, everywhere, all the time.

Yes, here we don't judge others (that's easy enough, sisi) and we don't judge ourselves (that's harder, but we get there).

And since there's no one to judge you: let yourself go.

Experiment, express yourself and dance like nobody's watching.

Make this moment precious for yourself and for everyone else:

Let your words and thoughts be free of venom.

If I'm different from you, then we have a lot to teach each other.

Because diversity is essential, and because we don't want to live in a uniform, homogeneous world: let's cultivate difference and let go.

Consent is a key concept at Château Perché. We can't say it often enough: a no is a no, whether it's said with words or with the body. Learn to listen to the body, learn to understand the words.

Put your ego aside: it's not so bad to take a rake, it's very bad to commit abuse.

Observe, hear and above all:
Accept rejection, welcome it with empathy.

Nudity is ok, a body is a body, we all have one.

But above all, nudity isn't systematically sexual; if you see my buttocks, it doesn't mean I want you.

If it bothers you, you don't have to stay where you are; if your gaze lingers, beware, the benevolent brigade will find you.

And yes, this is a sex, accept it!

We are not confident and made the same way. Instead of bragging, try using your assets to help those in need. It's cooler and more rewarding, and they'll probably return the favor.

Alors :
If you are strong, you must be strongly nice to people

A LOVER'S DISCOURSE

"La fête, c'est ce qui s'attend" R. Barthes

We're as delighted as we are proud to bring together delicious artists, highly savoury festival-goers and honoured by the trust you place in us to create this long-awaited moment.

Meet me halfway - We do everything we can to offer you the best festival possible, but we can only do half the work: the other half comes from YOU. You, with your sparkling finery, your kindness, your joy, your wonder, your sensitivity to the issues of waste & non-waste of water, your non-judgmental dance steps, your lovingly prepared totems, your respect for the consent and emotional integrity of the co-Perché, and your respect for the venue, the material & the decorations.

Château Perché must be a healthy and constructive atonement, not a destructive one.

Château Perché exists to help light beings grow.

Have fun like children in adult bodies.

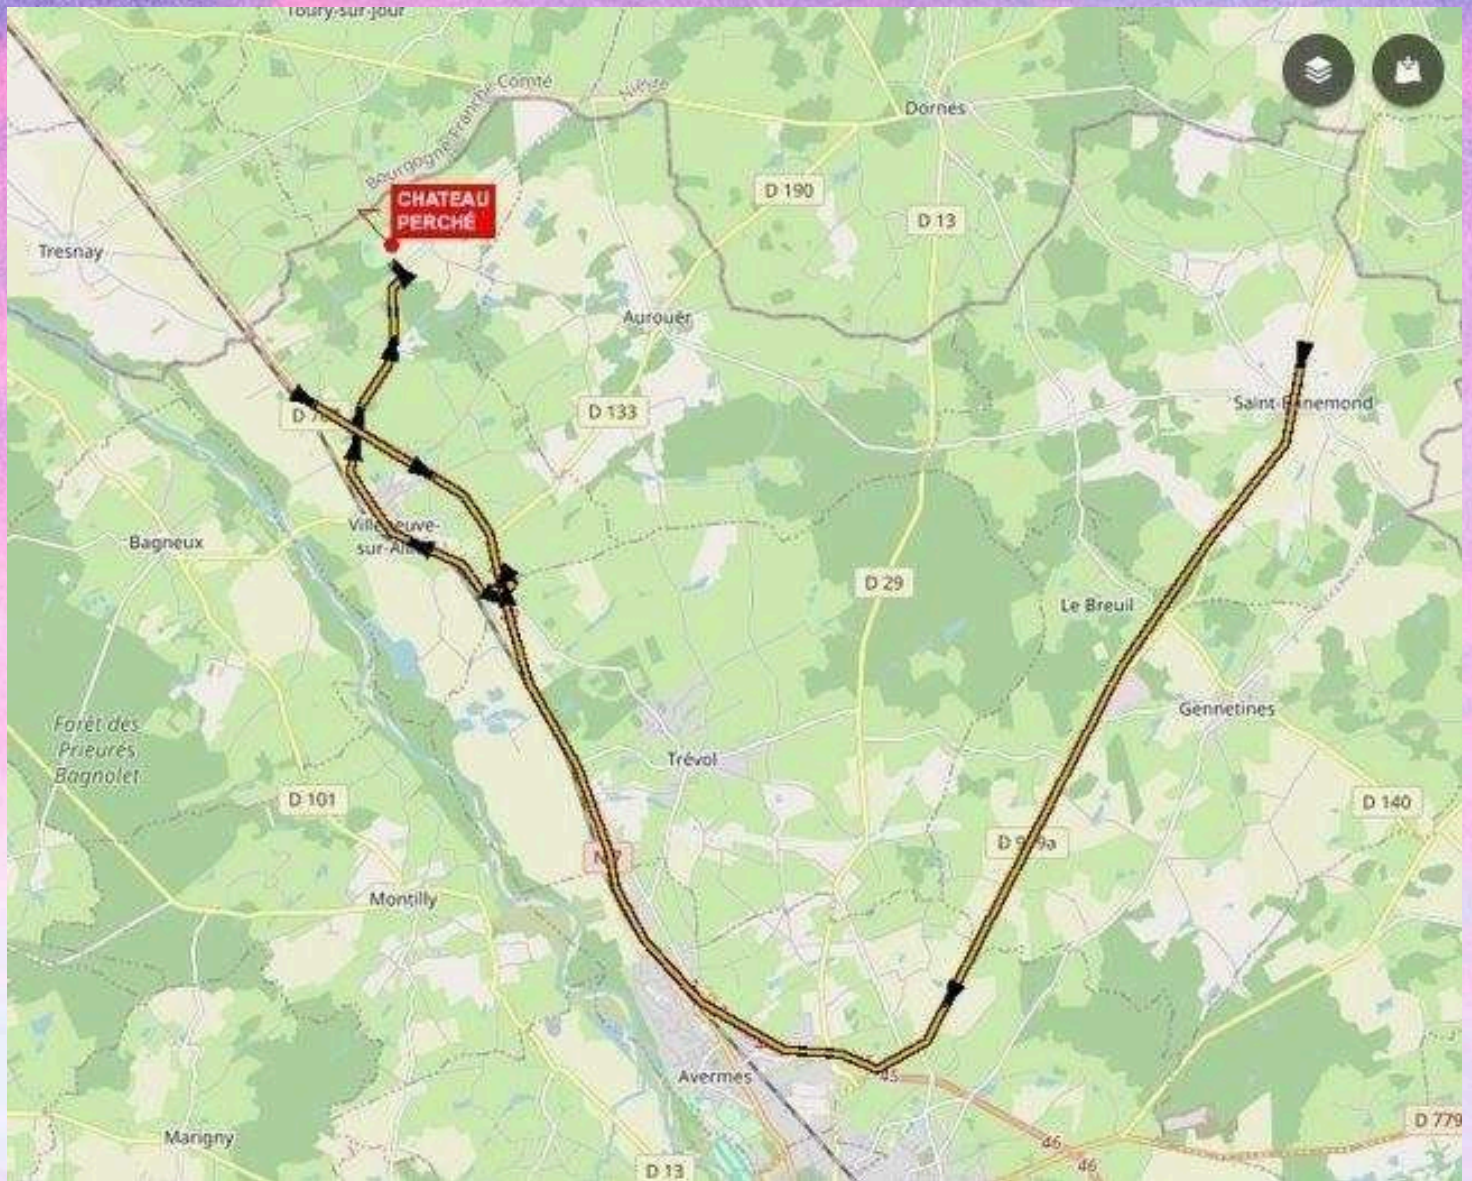

Leave your problems behind. Be in the moment and in love. Put that love in your suitcases, take it home, keep it as long as possible and offer it to the world.
